A Losing Game.

The proposition I make is one that entails a big loss to me for paper, ink, labor and postage, but I value the good will of my subscribers more than their money. Therefore, all who are behind more than ONE YEAR who will send me $1.50 I will send THE HERALD for 12 months and cancel the debt; and to all who are behind less than one year who will send me 75 cents I will send the paper 12 months. Provided, that all to whom this applies will avail of the offer inside of **Thirty Days from Feb. 20, 1908.** On and after **March 20th** this offer will be withdrawn and the price of the paper will be **$1 a year, cash in advance.** In the name of God and humanity, could anything be fairer? I hope no one will compel me to collect by law, for in that case full pay will be required. Truly your friend,

With this issue of THE HERALD opears the announcement of Kel- Kash, Esq., a rising young law- of Jackson, and the present -monwealth's Attorney in this, -d Judicial district, -didate for the nomination the same office at the regular election. His incumbency is by appointment to fill the vacancy made by ... ion of James ... the office of Circuit Kash, beside being a ...rked ability for one so ...ars, belongs to a fam- ...guished ancestry. But, save as a means to the end, it is not the family we are directing your attention to but Kelly Kash himself, who, though a young man in years, has attained an eminence at the Eastern Kentucky bar which is to say the least so far above the ordinary as to appear but little short of phenomenal. This estimate of him ... in the fact that when ... office ... to be filled by ap- ... Gov. Mr. Kash is a Republican, as are all his kith and kin, and to this party he pins his faith and of it he asks the place. Believing the Republican party will give him a square deal, we remand his case to their consideration as best suits them.

SIMPLE HOME RECIPE.

Mix this Simple, Helpful Recipe at Home and Try It, Anyway.

Get from any prescription pharmacist the following:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.

The above is considered by an eminent authority, who writes in a New York daily paper, as the finest prescription ever written to relieve Backache, Kidney Trouble, Weak Bladder and all forms of Urinary difficulties. This mixture acts promptly on the eliminative tissues of the Kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes Rheumatism.

Some persons who suffer with the afflictions may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs.

Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose entire reputation, it is said, was established by it.

A druggist here at home, when asked, stated that he could either supply the ingredients or mix the prescription for our readers, also recommends it as harmless.

Judge G. W. Gourley.

At the head of this column appears the announcement of Judge G. W. Gourley, of Beattyville, as a candidate for Circuit Judge of this district, subject to the action of the Republican party.

The Enterprise is pleased to carry the news of Judge Gourley's candidacy to the people of Lee county and the Twenty-third Judial district. The Republicans of Lee county offer him to their fellow-Republicans of the district as their standard bearer in the coming race for this important office.

Judge Gourley is well known to a vast majority of the people of the district and to them it is unnecessary to speak of his honesty and integrity and his qualifications and fitness for the office. A lifetime of hard work, filled with noble and generous acts, and sullied by no mean or sordid deed, speak louder and more forcibly than any word that we might pen.

But to those, if there be any, who do not know him and have not had an opportunity to observe him in all those relations wherein his sterling moral and intellectual worth have been so well and admirably demonstrated, it may not be improper to call attention to some of the things he has done, which embellish his fine character and show why his friends and neighbors love him.

The older citizens of Lee county remember with pride and affection the young lawyer who, thirty years ago, hung out his shingle in the then young county of Lee and began the practice of his profession, in which he was destined to shine with brilliancy, and with the passing years to valiantly forge forward until now he stands the acknowledged head of the legal profession in the mountains of Eastern Kentucky and without a superior anywhere.

And some, though their ranks have been sadly diminished by the hand of time and the sickle of death, remember still further back when, as a boy, the subject of this article la... his hands for the support of his father and his family, daily going forth to his accustomed toil with a hope for the future, though the prospects were dark, murmuring not at fate or circumstance, but determined, with his own hands and intellect, the heritage of man from the Universal Father, to make his way in life.

And others still remember him as a teacher in the common schools of the county when he instructed their children in the primitive studies of that day, and those children, now fathers and mothers, in some cases grandfathers and grandmothers, tell their children of the kind teacher who instructed them in their youth, back in the days when education was not so universal as now.

Judge Gourley was admitted to the bar in March, 1878, at Stanton, his examiners being the late Col. H. C. Lilly and Judge Robert Fluty. Since that time he has been continuously engaged in the practice of law, with satisfaction to his clients and credit to himself.

He served as deputy clerk of the County court from 1876 to 1878 under Hon. W. P. Hill, a brother of Col. R. C Hill, both of whom, so long as they remained in politics, were the most popular men in the county.

In August, 1878, he was elected County Judge and served with distinction for four years, being the first Republican Judge of Lee county.

In 1877 he was chosen chairman of the Republican party in Lee county along with Hon. H. L. Wheeler (now county chairman) as secretary, and the two held these important positions continuously for twenty years, during which time they did much for the party and left it with a substantial majority in the county.

In 1897 he was the Republican candidate for Circuit Judge and, although the district was Democratic, was beaten by only a small majority in one of the hardest political fights ever made in the state.

In 1896 he was temporary and permanent chairman of the convention in Beattyville which nominated Hon. John W. Langley for congress.

In 1900 he was temporary chairman of the convention at Louisa which nominated Judge Ed C. O'Rear for Judge of the Court of Appeals.

In 1903 he was chairman of the convention at Paris which nominated Hon. A. T. Siler for railroad commissioner.

In 1896 he was a member of the state advisory committee in the McKinley campaign.

During all his life Judge Gourley has been a Republican and has fought for the candidates of the party in every election and has at all times contributed liberally of his time and money to the success of the party.

And notwithstanding his activity in the practice of law and in politics, he has found time to do more for the material advancement of Lee county than any other man in it.

In 1883 he established the Three Forks Enterprise, the forerunner of this publication, and continued in management of the paper several years.

In 1892, he and Thomas Pryse, J. G. McGuire, C. W. Russell, J. M. Beatty and others organized the Winchester and Beattyville railroad and built the short line from Beattyville to Beattyville Junction.

He was largely instrumental in securing the building of the Louisville and Atlantic railroad, which gives Beattyville connection with Richmond and Versailles and other towns along the line and direct communication with Louisville.

After the destruction of the old Moore & Whipple mill, many years ago, he secured the erection of the Swan-Day mill by H. Herrmann, of New York.

He was one of the organizers of the Richardson Coal Co., which carries on a large mining business in Beattyville and gives employment to many men.

He secured the building of the railroad up Sturgeon, which will soon be completed, opening up thousands of acres of valuable coal land, open mines, giving employment to hundreds of hands and materially increasing the taxable property of the county.

It is impossible to mention all the industries he has brought to Lee county. He has been connected with every movement for the improvement of the county and it is to say that he has done more for safe the county than any other man in it.

Judge Gourley was married in 1879 to Miss Thetis Kincaid, and is connected with more people by blood and marriage than any man in the county. He has one son, Chester Gourley, a rising young lawyer, and four daughters.

With this statement we present Judge Courley to the Republicans of the district for nomination and to the people for electon. There is no doubt that he will carry every county in the district for the nomination.—Beattyville Enterprise.

Anyone wishing to buy a good $2.00 razor can get one at $1.00, as long as they last, by applying at this office. tf

Troy Pieratt, of Kiddville, came up Friday and enrolled his name on the academy roster for the ensuing term.

Ellis Oldfield, of Mize, one day last week bought of K. M. Couch, of Grassy Creek, a pair of aged horse mules for $300.

People suffering from lame back will find Dr. D. P. Ordway's plasters a ready relief. Sold by Dr. J. H. Stamper, Hazel Green.

Tom Haddix and family moved Monday from the McNabb property on corner Broadway and State streets to the Caskey property on Upper street.

Mrs. Edgar Si[illegible] of Toliver, whose illness has been mentioned heretofore, we are glad to state is much improved and there is hope of her recovery.

Joe Murphy, a merchant of Campton, who has been under the treatment of Dr. G. M. Center for kidney trouble and rheumatism, left Monday for home much improved.

Our friend, Tom Lee, is rejoicing over a litter of nine Duroc Jersey pigs which came last week, the product of the gilt Mr. Lee recently purchased of H. F. Pieratt, of Madison county.

Geo. Rice hands us this problem: What is the difference between the Ladies' Aid Society and the Board of Trustees? And he answers it by saying the former does the work while the latter gets the honor.

Four young men students were suspended from the academy Tuesday for cigarette smoking, and Prof. Derthick says they can only re-enter at the spring term under a strict promise to abstain from tobacco in all forms.

D. C. Miller, Jr.'s many friends regret his having sold out, as he always worked for the interests of the great common people. His many friends hope that wherever he may go the same great success he attained here may attend him in his new location.

Sample-Hurst.

Friends of the contracting parties here were Tuesday somewhat surprised to receive from Mr. and Mrs. Z. T. Hurst, of Wilhurst, invitations to the marriage of their daughter, Miss Edna, and Stephen G. Sample, esq., of Campton, which took place at the parental home Wednesday, March 4. Steve Sample, as he is familiarly called by his friends is a son of our fellow-countyman and friend, Charles S. Sample, of Lacy creek, and is conceded by all to be as near a model young man as they ever attain to in this vale of tears. He is a lawyer by profession and has won the esteem of litigant and lawyer alike. Miss Edna is herself a handsome and accomplished daughter of one of our best families, and they are mutually to be congratulated upon the wisdom of their choice, in that each has met their affinity. As their life voyage begins favorably may it be so lived to the end. Please pass the cake.

A New Cashier.

Marion Knight, cashier of the Hazel Green Bank, recently resigned his position to accept one in a bank at his old home at Pleasureville, and Prof. Patton, who has been connected with the bank since its infancy, succeeds him. While the people generally were loth to lose Mr. Knight and his most estimable wife as citizens, they are proud to know that Prof. Patton and his elegant little wife will fill the breach in the bank and the niche in society, and it will not be like taking in strangers and entertaining angels unawares. Mr. Patton will be cashier and his wife the assistant cashier.

Death of Marion Cisco.

Marion Cisco, of Morgan county, storekeeper-gauger at the McBrayer distillery, near Mt. Sterling, died at that place Saturday night, and the remains were shipped to his old home at White Oak Monday, where the burial took place Tuesday. Mr. Cisco had been suffering with hiccoughs and grew worse until death relieved him. He was about 37 years old, native of Morgan county, and is survived by a wife and two children. He had been in the revenue service for some time and was popular with all who knew him.

Spencer Cooper, Hazel Green, Ky.

Dear Sir: I wish to call your attention to the fact that I am not getting my HERALD. The last edition I received was Dec. 19th. I sincerely hope this is no fault of yours, for I miss "the dear old HERALD so much when it fails to come regular, so please send to me as I do not want to miss another copy. Send to Judson, N. ACADEMY NOTES.

Annie Havens entered the academy last week.

Piano recital at Pearre Hall, Monday, March 9, at 7 o'clock p.m.

May Nickell enjoyed a pleasant visit with home folks over Sunday.

Ellis Ward, a senior in the academy, spent Sunday at his home near Ezel.

Will Cassidy accompanied Vernie Clark to the home of the latter from Saturday until Monday.

Next week is examination week and all are working hard in order to secure the much coveted "pass."

Jasper Ingram, of Maytown, was a guest of the Home Monday. He brought Dora Borders, who entered the academy.

Prof. Carter, who has been confined to his bed for the past few days, is out again. We are glad to see the professor at himself again.

The program given by the U. B. society last Saturday night was the last for the winter term. This was probably the best of the year because it had many new things in it, which was partly due to the new president, J. H. Williams, and secretary, Lula Belle Manker.

Two New Features.

In the March number Uncle Remus's Magazine announces two intersting features for the year. One is the serial publication of a new novel by Will N. Harben, whose "Mam' Linda" and "Ann Boyd" are regarded as distinct additions to American literature. The new story will be called "Gilbert Neal" and the first instalment will appear in the May number of the magazine.

The other is a new departure, "Uncle Remus and the Children" to be conducted by Joel Chandler Harris. The fact that Mr. Harris will have per[illegible]rge of the department i[illegible] something unique and wh[illegible]htful.

Store and Postoffice Burned.

The storehouse belonging to F. P. Clark, of Toliver, together with the stock of goods and the postoffice, located in the same building, were burned Monday night between 9 and 10 o'clock. Everything was consumed, but it is said Mr. Clark's loss was partly covered by $2,000 insurance, the goods being some $3,000 or more in value and the house pr[illegible]00. The postoffice loss ha[illegible]n learned nor do we k[illegible]her any registered mail was destroyed.

To the citizens of Hazel Green and vicinity: Your attention is called to the fact that I have sold my stock of merchandise, store house and lot to John B. Kash, Ellis Johnson and C. F. Kash. The firm can sell you goods very cheap as the price paid is such that they can give you the best goods at the lowest prices. I have made a big success, my profits having been over $2,000 since I opened up here, but declining health forced me to sell, and I ask for the new firm the patronage of all my friends.

Respectfully,
D. C. MILLER, JR.

Dr. Nickell reports the birth of a girl to the wife of Forest Cecil, of West Hazel Green, on Friday morning, Feb. 28th. While Forest was rejoicing over the birth of his baby, the news was brought to him that his cow had found a calf, and he thinks he will have a prosperous and prolific year.

The many friends of Dr. and Mrs. A. C. Nickell will regret to learn that the latter, who has been in bad health for some time, continues critically ill, being confined to her bed nearly all the time. Her mother, Mrs. Mason Jones, of near Dayaboro, was with her Monday.

There is probably not a man on our list but claims to be "a debt-paying citizen," and yet they pay no attention to our appeals even after we offer to pay them to pay us. Now you know our paper, ink and printer costs us a cash outlay every week. So come in and pay up or never again boast of being a debt paying man.

Breathitt News Notes.

The jury in the Combs murder case on Sunday morning returned a verdict of guilty and fixed the punishment of John and Henry Combs at 21 years each in the penitentiary. The trial had been in progress for several days and the case was given to the jury at 10 o'clock Sat[illegible]day night. The crime for which convicted was the murder o[illegible]ale, Thos. Benton Combs, who had himself served a term in the penitentiary for killing his brother.

Beside the Beech Hargis case there are five other murder cases on the docket.

Jesse Eversole was shot from ambush and killed on Lang's creek, Saturday night, Feb. 29.

ONE DOLLAR BUY[illegible]

"The Mountain People of K[illegible]

This popular [illegible]hich is r[illegible]w in its [illegible] will for a limited time [illegible]e sold [illegible]th[illegible] prepaid to any point in the country. [illegible]ress and people are loud in praise of it, and patriotism prompts many to buy it. Why not you? You will want it for your children.

No better testimony to the worth and success of that most admirable work done for the Kentucky mountaineers may be found than this book by Wm. H. Haney a mountain boy. Mr. Haney is 23 years old, he was born in Morgan County and is an excellent example of self reliance typical of his sturdy race. He has conquered difficulties of poverty and other hampering circumstances, defraying the expense of his own education by the work of his hands while he was at Hazel Green Academy, Berea and Kentucky State College. Meantime he has purchased a home for his father and mother, has written this book—and again it may be repeated that he is only in his twenty-fourth year.

Two purposes seem to animate the pages of this book: To describe mountain life as it actually is; and to correct the wrong impressions of it others have striven to foist on the public. Mr. Haney gives an historical sketch of the mountain people, attributing to inherited traits and the Kentucky environment the characteristics that distinguished them. Social conditions, Feuds, Industries, Education, Politics, Religion and the "Outlook," successfully afford Mr. Haney subjects for interesting discussion. He has known mountain life in its earlier conditions as well as in recent years when conditions have been somewhat improved, great as is still the need for more improvement and for earnest help from the outside world beyond the mountains. Though, indeed one of the wisest things Mr. Haney says is that it is not only help from beyond the mountains that is needed. As he suggests, that if the mountain people who have had the benefit of education will give some of their lives to those of their blood whom they understand better than alien teachers could do, this will be a decided gain for the mountain communities.

Mr. Haney writes in a direct style, in good english that reflects credit both on his own industry and his teachers. He is intelligent, sympathetic, optimistic and loyal in his considerations of the mountain people. He recognizes the need for industrial improvements, the teaching of scientific farming and other immediate needs [illegible] as the higher needs of these peple who offer such a splendid challenge to the [illegible] theology, education and religion.—Courier-Journal.

Nervous Break-Down

Nerve energy is the force that controls the organs of respiration, circulation, digestion and elimination. When you feel weak, nervous, irritable, sick, it is often because you lack nerve energy, and the process of rebuilding and sustaining life is interfered with. Dr. Miles' Nervine has cured thousands of such cases, and will we believe benefit if not entirely cure you. Try it.

"My nervous system gave away completely, and left me on the verge of the grave. I tried skilled physicians but got no permanent relief. I got so bad I had to give up my business. I began taking Dr. Miles' Restorative Nervine. In a few days I was much better, and I continued to improve until entirely cured. I am in business again, and never miss an opportunity to recommend this remedy." MRS. W. L. BURKE, Myrtle Creek, Oregon.

KENTUCKY KERNELS

Carefully Collated and Concisely Chronicled.

Samuel Bass, aged 10 years, and John Hancock, aged 12, were caught about midnight last Wednesday attempting to rob the postoffice at Somerset.

Coroner Nick Combs, of Breathitt county, resigned his office last week. Until his resignation was accepted nobody seemed to know who was coroner.

The safe in the postoffice at Sturgis was blown open one night recently and $200 in money and stamps taken. It is thought to be the work of tramps.

Myrtle Oglesby, the 17-year-old daughter of William Oglesby, ended her life by jumping into a well on her father's farm near Owensboro. No cause was assigned.

The general store of Drinkard & Co., at Kirksey, Calloway county, was destroyed by fire the other night. Loss $10,000. It is thought to be the work of night riders.

Shirley, the 15-year-old son of Dr. W. S. Wilkerson, of Lexington, died Friday from the effects of chloroform given to relieve convulsions caused by toxic poisoning

J. M. Walker, aged 65 years, a gauger in the revenue service, and father of Postmaster Walker, of Lexington, died suddenly at his home in Paris last Wednesday night.

A mad dog ran amuck on the streets of Lexington last Friday, and bit four men. He ran straight out Broadway and the Harrodsburg pike seven miles before he was killed.

Two Covington lads, Sparks and Northcutt, broke into the C. & O. baggage room at Maysville, one night recently, and looted all the baggage. They were caught in the act and now languish in jail.

Six prisoners escaped from Woodford county jail recently by forcing the bars of a window. They had help from the outside. The deputy sheriff followed on horseback and succeeded in recapturing three of them.

The derailment of a car knocked the supports from under an elevated run at Paducah Box factory and Cora Jones sustained a fracture of the skull and Rose Bertram had her hip crushed and arm and leg fractured.

John Hamilton, James Bowles and Richard Spicer are dead, and George Frazier mortally wounded, as the result of a pistol fight near Evelyn, in Lee county, last Friday. The children of Bowles Frazier had fallen out with those of Spicer and Hamilton was the cause of the battle.

The youngest boy ever incarcerated in the Kentucky penitentiary was taken there last Thursday by the sheriff of Harlan county. He is Thomas Simpson, aged 13 years, under sentence to serve two years for the murder of his playmate, James Turner, whom he killed with a rock.

MOURNING COLORS.

The news that a European has been noticed in Jamaica wearing white as mourning for a relative lost in the recent catastrophe recalls the fact that that color was originally employed in many countries to indicate reverence for the dead. In fact, the custom obtained in Europe as late as the reign of Charles VIII. of France, and in Italy, too, it lingered, though for women only, the men wearing brown. In Ethiopia the white soon changed to gray and in Egypt to yellow. China, however, employs it to this day. Other colors have had their vogue—blue, for instance, which even now is used in Turkey, Armenia and Syria. The latter signifies the heavenly region, white stands for purity, gray and brown typify our mother earth, and black, most repellent of mourning colors, would seem to suggest an eternity of night.—London Standard.

Light From Sugar.

A phenomenon the cause of which has not yet been satisfactorily explained was recently observed by a government scientist during the course of certain experiments. Disks of loaf sugar were mounted on a lathe and rapidly rotated while a hammer played lightly against them. An almost continuous radiation of light was thus produced from the sugar. It was shown that the light did not arise from heating of the sugar, and it is believed to have been caused by some change taking place in the sugar crystals. The act of crystallization is known to be sometimes accompanied by flashes of light. The practical bearing of these experiments is on the question of the possibility of obtaining artificial light by methods as yet untried.

Schemes of this class have again come to grief along with the gullible investors, causing serious loss to innocent business concerns, as is always the case of panics in Wall St.

While this last lesson is yet fresh in mind, it is an opportune moment to consider causes and means to avoid like trouble in the future.

Direct your attention to that greatest of all Newspapers the Cincinnati Enquirer. From its columns one can readily detect the trend of currency, its lodging places, by whom handled, uses made of it, and final results.

Again you read quotations of Bonds, Stocks, and Securities of every nature, fixing Status of all business from the retailer, to United States Government.

Also Current News, facts and reliable data covering the entire world; all sufficiently explicit to enable thinking people to avoid snags and follow the channel of success.
